- Plan will not be cancelled
- If cancelled prices per lesson will revert back to CASUAL RATES per lesson which we will invoice for.
- All catch-up's are forfeited if plan cancelled early.
- Exceptions are made with a doctor's certificate of illness/incapacitation

All clients on the Direct Debit system **automatically receive 20% off on all additional lessons, camps and riding day bookings.**

In the event of wet weather, suitable practical lessons and theory will be offered.

"No Shows" will not be made up. **Dates of package will not be extended regardless of attendance**

All future bookings will need to be paid for upon booking.

### Cancellations and Catch Up Lessons

**As you could understand we book lessons considering horses work load, instructor/student ratio, suitability for riders and to keep rider numbers even in each lesson. This is why we have the option of a discount for permanent riders who take a plan. Changing pre arranged times is difficult for us to balance. 24 hours notice by way of message on group chat or text is required for any changes of lesson times or cancellation and/or the riding fee will be charged if less than 24 hours notice of cancellation.**

**In an attempt to make this policy as fair as possible we have increased the changes of lessons to 3 per term with 24 hours notice. We also note that all hour lessons in warmer weather go for 15 – 45 mins longer to help make up any time for unforeseeable circumstances that has caused your cancellation and loss of a make up lesson.**

**Catch up lessons are available most days, weekends and school holidays but must be used by the beginning of the new term.**

**Catch-up lessons booked cannot be rescheduled again. If you can't make your catch-up lesson it will be forfeited.**

**Once lesson has commenced, no refunds or credits will be accepted.**
